BIKE RACKS

HOOK STYLE WALL MOUNT

HOOK STYLE WALL MOUNT

Description

Hook style tenant bike racks have a maximum capacity of one bicycle per unit. No assembly required. Our hook style bike racks are simply anchored to the concrete wall for secure, reliable storage. The wall-mounted design means hook style tenant biked racks are ideal for any situation where floor space is limited or unavailable. Hook style tenant bike racks accommodate all bicycle types, narrow and wide wheels. Sealed in a grey powder-coated paint finish for maximum durability and wear resistance.
